separately under Communication. Until his pension reaches settlement, the funds raised above cannot be closed.

And until a decision of all these referred questions is made, it seems well to maintain status quo regarding recoveries of P. F. Subscn. The Auditor Elec. Dept seems to agree in this view, Vide the Concluding para of his letter, and moreover reports it by communication now in draft to the Asst Secy El. Secy

[No letter to C.E.E. from this office (as proposed in draft) is necessary as the C.E.E. has sent a copy of his letter to Auditor, only to the Electrical Secretary & the latter has sent it on to Fin Secy. for perusal. Necessary action has already been taken by the Auditor in withdrawing his former instructions & requesting Continuance of recovery of P. F. Subscns].

On merits, instructions to stop recovery of P.F. can only issue after a clear statement of all the individual employees who are entitled to pension is prepared, in accordance with the Govt. orders,

and further details re: consequential issues are settled by obtaining specific orders of Govt. in the matter. There is no harm in continuing the Status quo till then.

The Auditor has ~~reported~~ A/c sent a report direct for the information of Govt. (It is presumed he has intimated the Comptroller also) He expresses the view that orders of Govt. are not necessary for discontinuing subscn to P.F.

(4)

GEN. & REV. SECRETARIAT 4490 FINANCIAL BRANCH

THE ELECTRICAL AUDIT AND ACCOUNTS OFFICE,

Bangalore, 9th May 1941.

(MYSORE, S. INDIA.)

The Financial Secretary to
the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

Subject:- Recoveries towards Electrical Department Provident Fund from employees of the Electrical Department who are eligible for pension under the terms of the Govt Order No.EDS.1724-27, dated 14-2-1941.

I have the honor to state that nine employees of the Electrical Department who had joined service prior to 18th September 1913 were in service on 14-2-1941 the date of the Govt. Order referred to above. As they became eligible for pension and as the Govt. Order was quite definite that the Pension Scheme was in lieu of the E.D.P.F. Scheme, it was felt that further recoveries towards E.D.P.F. could not be made from these employees consistently with the terms of the Govt. Order. While orders of Government would be necessary regarding the time and manner of the repayment to them of their own contributions to the E.D.P.F. with interest and the disposal of the bonus already credited in their accounts it appeared to be clear that no separate orders would be necessary to stop further recoveries of E.D.P.F.subscriptions. As the E.D.P.F. accounts are maintained in my office, purely account instructions were issued to the Sectional Officers in my letter No.4809-17, dated 14-3-1941 asking them to stop further recoveries from the employees referred to above and calling for their service records for Audit verification.

5)

A copy of this letter was also sent to the Chief Electrical Engineer for his information.

2. The Chief Electrical Engineer now writes to me in his letter No. 32200, dated 5/6th May 1941 that in his view, separate orders of Government will be necessary even to stop the recoveries of E.D.P.F. subscription from the employees who have become eligible for pension under the Government - Order of 14-2-1941. While I do not agree with him in this view, I see no harm in restoring the status quo by continuing the recovery of E.D.P.F. contributions from the employees referred to above pending orders of Government on the several points on which the Chief Electrical Engineer says he is going to make a reference to Government. I am accordingly asking the Sectional Officers to continue the recoveries pending - final orders of Government on the proposals to be submitted to Government by the Chief Electrical Engineer.

I am reporting this for your kind information.

I have the honor to be,
Sir,
Your most obedient servant,

P. J. Srinivasan
Auditor,
Electrical Department.
